BOARD ASKED FOR RESIGNATION OF GINGLES

He Must Either Return to His Duties as Street Superintendent or Resign.

A meeting of the Board of Public Works was held yesterday afternoon, there being present Mayor Bliss, Chairman Turner and Mr. Zellus. Considerable business was transacted during the session, the most important being the matter regarding Street Superintendent Gingles.

Mr. Gingles, when the yellow fever developed here, left the city, and has since been residing at Cottage Hill. The citizens and council protested against such action at a time when the services of the superintendent were most needed. The board after discussing the matter passed a resolution calling upon Mr. Gingles to either return to his duties, or else tender his resignation, in order that some person might be chosen in his stead. The clerk was instructed to so notify him. The board, after a full discussion, decided to increase the pay of some of the cart drivers. Those who were receiving \$35 per month, were increased to \$40, and the head drivers were increased to \$50 per month.

The assistant street superintendent also came in for a raise of salary, it being increased to \$70 per month. In regard to the removal and disposal of garbage, the new contractor, W. E. Wright, who is ill with typhoid fever, had filed no bond for the faithful performance of the contract. The board therefore decided to award the contract to the next lowest bidder, W. H. Holifield, and the clerk was instructed to so notify him. The bond of J. D. Goss for street sweeping and cleaning, was found to be not in proper form, and was returned to him. Considerable routine business was transacted, after which the board adjourned.

New Year in Japan.

As early as Dec. 13 a special house cleaning prepares the way in Japan for the New Year festival, and as the year closes the house fronts are bright with decorative emblems. The whole week, which includes New Year's day, is a continuous holiday, and on fine days when the sun shines the scene in the streets is most animated. Shop fronts are gay with a general display of toys and games, all are in the best of spirits, the children are busy at play with kites and battle-axes, and every one is doing his or her utmost to make things hum. In higher circles the mikado receives the civil and military officials, who in former days appeared in gorgeous uniforms and richly embroidered dress, but since 1872, when the Gregorian calendar was introduced, European costume has been worn and the festival has been much less picturesque.

ENJOYING HOUSE LIFE AT CAMP MURRAY

Refugees Play Games, Read and Put in Spare Time Writing Poetry.

Special to The Journal.

Camp Murray, Oct. 9.—Life at "The Camp" is very much like it was in Pensacola a few weeks ago. A drizzling rain set in early this morning and has continued all day. Everybody is enjoying house life playing euchre, whist, checkers, dominoes and some read magazines or write poetry about camp life. Our campus presents a very respectable appearance since "de gang" cleared out all around the enclosure. If the weather clears, things will be much more pleasant for the campers and especially for the doctors who have much more trouble as they must go to the tents to take temperatures.

A Daily Occurrence.

A doctor dressed in suit of brown, with pleasant smile—no trace of frown. Glasses bright—head a-tit. Figure small, and firmly built.

He strikes the gong at 9 a. m. And children, ladies and the men assemble then with anxious faces. Of mirth or fun you find no traces.

Then this doctor small and cute puts in each mouth a "strange cheroot" And gravely stands with watchful eye To see that no one slips a lip.

Three minutes by the watch stands he And waits the rise of the mercury. His young assistant follows him up, Bearing the "cigarettes" in a cup.

When the doctor has tried each "guest" He looks to see the result of the test. The tall assistant with kindly look Makes the record in his book.

"Time is up!" The gong strikes one. All then start for their tents on a run. Each one feeling safe and secure, Knowing the degree of his temperature.

Some Seasonable Advice.
It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

HIGH WINDS AND HEAVY RAIN PREVAILED

Wind Attained Velocity of 36 Miles an Hour, and Fall of Rain Was Heavy.

The storm, from the east, warning of which had been displayed by the weather bureau for several days, struck Pensacola with full force yesterday, and for the space of a few hours the wind attained a high velocity, while the rain fell in torrents, flooding the streets and sidewalks to such an extent that pedestrians who ventured out, were sure of getting soaking wet.

The worst of the storm was between 1 and 2 o'clock in the afternoon. At 1:36 o'clock the wind attained a velocity of 36 miles an hour. It was accompanied by a perfect deluge of water, the rainfall from 1:15 to 2:15, exactly one hour, being over an inch and a quarter. The total rainfall for the day was 2.46 inches. The fall from 1:15 to 2:15 was the heaviest experienced in Pensacola since March.

There was considerable loss sustained by the blow, but this was confined to timber and lumber, which went adrift during the day.

The fact that there is any loss is due to the owners of timber alone, as the weather bureau gave ample warning of the approach of the storm, and many of the shippers took precautions to save their timber.

Insomnia and Indigestion Cured.
"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tullamore, Ontario, Canada. For sale by all druggists.
